## The Asylums in Toronto

Reflections on Social and Architectural History

*An Exhibit*

Saturday March 6 - Sunday June 20

Market Gallery

Curated by TRAC

This exhibit affords us an excellent opportunity to reconsider the place that two great medical institutions have played in our lives. It will feature much art work and text that was not used or not known when the book was prepared. We will broaden our approach to include space to speak for those who have been affected by the institution.

*TRAC members will receive an invitation to the opening reception.*

Admission is free to the Market Gallery on the second floor of the South St. Lawrence Market, 95 Front Street East. Gallery hours are Wednesday through Friday 10AM - 4PM, Saturday 9AM - 4PM and Sunday noon - 4PM. Closed Mon. & Tues. For more details, please call: 416-392-7604

Our thanks to Pam Wachna and staff of the Market Gallery
