

Beaches to Be Protected By Brush Mattresses

Brush mattresses will be used by the Parks Department for the protection of the Island shore and eastern beaches. In a report to the Board of Control yesterday the Parks Commissioner stated that permanent protection of these shores by groynes cannot be accomplished until types are decided. "This is a matter between the Harbor Board and the city," he said.

\$50,000 APARTMENT.

City Architect's Department yesterday issued a permit to J. W. A. Steven to build a \$50,000 apartment house at **561 Jarvis Street.**
