POLICE OFFICIAL OPPOSES HEADQUARTERS TRANSFER

Sees Many Inconveniences and BROKER TO STAND TRIAL Increased Chances for Prisoners to Escape

Elements of inconvenience to the police force, the public and the attorney-general's department are included in a review of the disadvantages which a high police official believes will ensue if police administration headquarters are transferred to the old Technical school on College St.

The report, which followed a con-The report, which followed a conversation between its writer and Chief Draper on April 9, cites the following as disadvantages:

(a) Inconvenience to police, detectives, lawyers and juries.

(b) Multiplication of the chances of prisoners to escape.

(c) Increasing the difficulties in the way of swift production of evidential exhibits and witnesses.

(d) Hampering of detectives' in

Non-Destructive Test

Rivetting in steel building construction will not be supplanted by welding, but rather should be subjected to greater study and research, in the opinion of Lee H. Miller of Cleveland, chief engineer of the American Institute of Steel Construction, who addressed the Building Officials' Conference of American in the King Edward hotel construction, who addressed the Building Officials' Conference of American in the King Edward hotel to-day.

"Based upon my present experience and information," said Mr. Miller, "I consider it folly to claim we are now ready to abandon rivets, even though welds may be made to replace them."

Despite failures in steel construction, he had never been able to trace a structural failure to rivet.

Non-Destructive Test

William Clark.

On Sunday, April 26, the society will bid its 97th anniversary service in St. James' cathedral. Dr. Ham has arranged a special order of eight children, Frances Lang. New will hold its 97th anniversary service in St. James' cathedral. Dr. Ham has arranged a special order of service, calling for full choir, soloists, organ and supporting orchestra of brass and drums.

Added to the liturgy of the churcn will be the opening march for organ and orchestra by Dr. Ham; a patriction of the king Edward hotel to day.

"Based upon my present experience arriving from all over Ontario, officers, all to be over notario, officers, all to be over notario, officers, all to be over forty vears of age, the old wooden guns are to be used, known as "bed slats."
